

Your Last Chance to SAVE YOUR VILLAGE!!!

Final Consultation dates 31st October - 12th December 2018

If you wish to oppose the Local Minerals plan which proposes a Sand and Gravel Quarry directly next to Barford and Wasperton we **need you to object to the proposals** by responding to this consultation.

We are therefore holding a

COMMUNITY MEETING BARFORD ST PETER'S SCHOOL HALL Tuesday 20th November at 8pm

At the meeting we will provide forms to be completed, envelopes and simple advice notes on how to complete the forms.

Door knockers will then be visiting you in your homes to either collect completed forms or help you fill them in or provide additional forms for other members of your household.

This is your last chance to make a difference to:

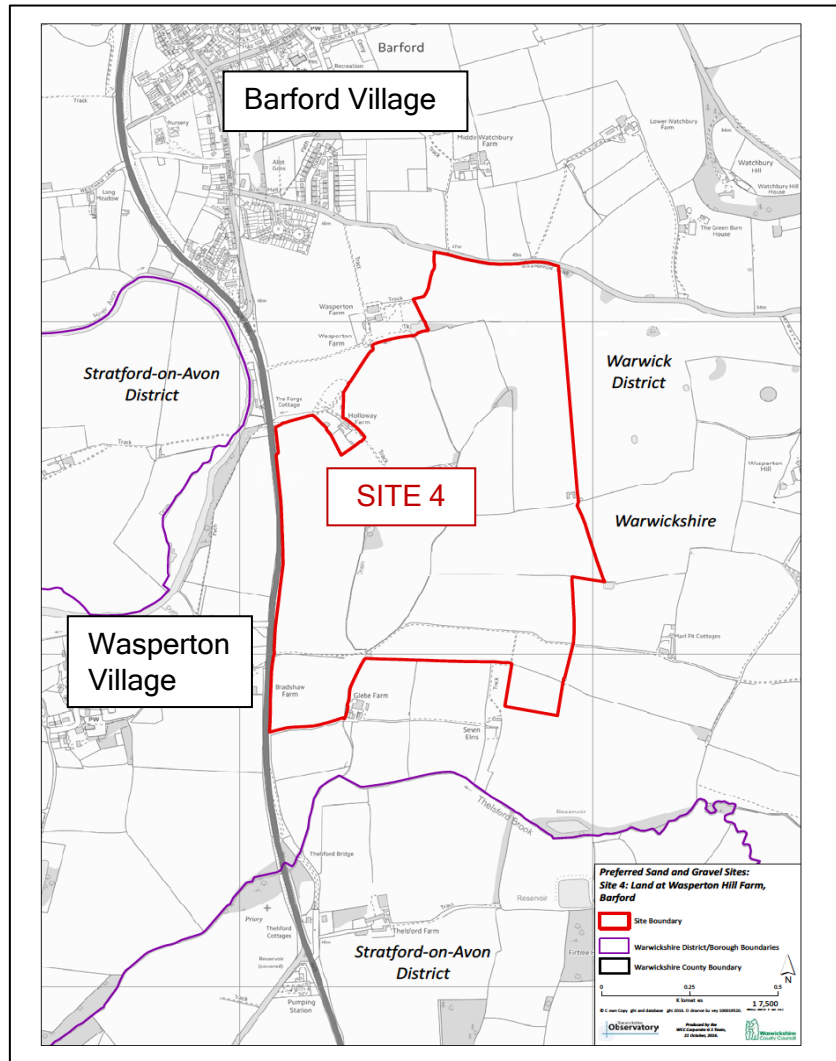

- Protect **your** local landscape and environment
- Protect **your** health and that of your family from **dust**
- Minimise traffic & congestion in & around **our** villages
- Maintain the safety of **our** roads
- Protect the land that feeds us all
- Preserve our Heritage
- Protect the future for **your** children

EVERY OBJECTION WILL COUNT

(see overleaf)

Do you need to object again if you have objected before?

Earlier versions of the Minerals Plan were consulted on and any objections made were considered when preparing this Publication Plan. The Planning Inspector is not obliged to consider objections from earlier consultations and will only focus on those objections made on the current publication. Therefore, it is necessary to repeat earlier comments if you wish for your voice to be heard.
